

# Disposable Piping Bags

**Slip Resistant** - Helps prevent slipping during usage. Great when piping finely detailed food items.

**Smooth Flow Interior** - Reduces the chance of clogging by helping the flow of fillings.

**EU Certified** - Food grade plastic certified for plastics in contact with food.

**Superior Strength** - High resistance welds reduces the risk of bursting during usage.

**Easy Cleaning/Disposable** - No mess, no fuss! Fabric piping bags may pose a serious threat to hygiene standards. Bakewell Anti-slip Piping Bags are a cost effective way to eliminate soiled bags.

## Anti-slip Piping Bags 45cm

45cm piping bags are designed for food service and home use and are the most popular in the industry. This co extruded piping bag has a smooth flow interior and slip resistant outer surface.

## Anti-slip Piping Bags 53cm

53cm piping bags are for the serious chef when quality and quantity matter. High resistance welds reduce the risk of bursting during usage and any nozzle will fit, making multi-use easy.

Code	Size/Description	Packed
